

RIDGEFIELD

— COMPANY —

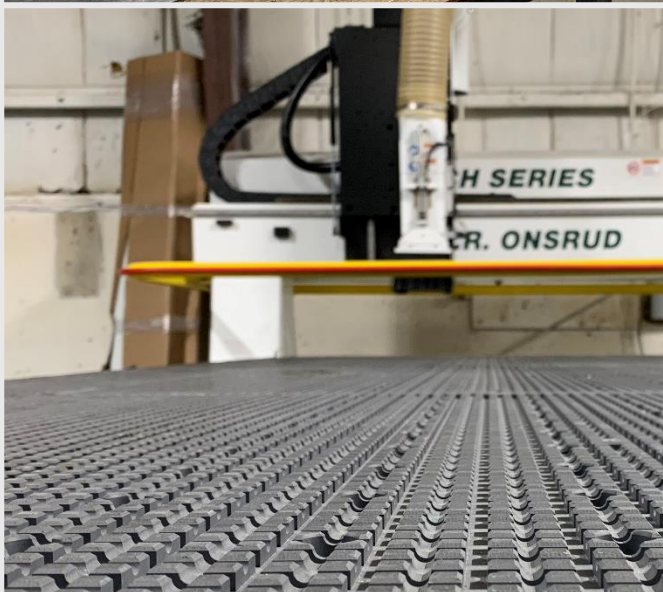

Precision Machining, Forming and Assembly for the
Architectural Facade Industry

MACHINERY

3-Axis, 4-Axis, and 5-Axis CNC Machining Centers

At Ridgefield Company, our state-of-the-art machinery ensures precision and efficiency in every project. Our advanced equipment includes multiple CNC machining centers, such as the 5-axis Emmegi Satellite XT 15.5 with an impressive 50-foot X-axis travel, our Emmegi Phantomatic machines providing 4-axis machining and several 3-axis HAAS VMCs and Lathes. These machines enable us to handle a wide range of part sizes and configurations, ensuring high-quality results for both high and low-volume orders

ASSEMBLY

Assembly Services

Beyond machining, Ridgefield Company offers comprehensive assembly services tailored to the curtain wall industry. Our expertise encompasses the production of interior and exterior panels, including insulated back pans, shadow boxes, and spandrel panels. Our skilled team manages every aspect of assembly, from precision cutting and CNC machining to surface preparation, taping, screw insertion, silicone application, and final crating. This end-to-end approach ensures that each component meets the highest standards of quality and performance.

DIVERSE CAPABILITIES

Ridgefield Company is equipped to handle a variety of manufacturing processes to meet diverse project requirements. Our capabilities include:

- **CNC Machining:** Utilizing advanced machinery to produce precise components.
- **Welding:** Offering MIG, TIG, and stud welding for robust assemblies.
- **Bending and Forming:** Employing CNC press brakes shape materials accurately.
- **Fabrication:** Specializing in cutting, forming, and welding to create complex structures.

Our 45,000-square-foot manufacturing facility in Grand Rapids, Michigan, operates two shifts daily, allowing us to accommodate projects of all sizes with shortened lead times and after-hours shipping and receiving. By integrating these services, Ridgefield Company delivers comprehensive solutions that meet the unique needs of our clients in the architectural industry.
